Chelyabinsk  
State University

### Student status

Students are given a Student identity and Library entrance cards, which allow them to use all the facilities and equipment of the university as well as to enter any university building.

### Libraries

The university's library is open for students, who have gone through a simple registration procedure. The library fund contains more than 450,000 books, electronic information resources and many international magazines. Students can also visit and use other public libraries in Chelyabinsk.

### Information Technology

Computer labs (computers with an English menu) are also available for international students.

### Accommodation

The university has its own dormitory, which is located not far from the university. Two and three-bed rooms are available. The bathroom facilities and the kitchen fully equipped for self-catering are provided. It costs 35-50 € per month. Bed linen is included.

You can also opt for living in a comfortable hotel. It will take you only 10 minutes to get there on foot. A single room with private bathroom facilities and breakfast will cost you only 25 € per night.

### Meals

Students can have their meals at any university canteen and the dormitory. Besides, there are lots of restaurants and cafes in the city.

### Entertainment

More than 110 nationalities live on the territory of Chelyabinsk region. This ensures tolerant attitude towards foreigners and their safety in comparison with many other regions of the Russian Federation.

Chelyabinsk is a cultural centre of South Ural: there are theatres, concert and exhibition halls, and museums. Exhibitions and festivals, including international ones also take place here. Chelyabinsk region has a unique nature and climate: picturesque landscapes, lakes, forests, caverns and natural healing springs. There are more than 200 protected areas, including the world-known "mineralogical paradise" - The State Ilmenskiy Reserve; a natural, historical and archaeological museum-reserve Arkaim. This is one of the settlements of The land of Cities, which was recognized as the most important archaeological discovery of the 20th century. There are also national parks Taganay and Zyuratkul. The net of ski resorts and fitness complexes, such as Abzakovo, Zaviyalikha and Adzhigardak are developing in the region.

### Feeds

For non-exchange students the fee is 1,600 € including medical insurance costs.

## International Programme International Business in Russia

2009-2010

**Welcome to our University!  
Welcome to Russia!**

**The choice of Chelyabinsk State University is  
your choice of a very good fundamental education**

## Chelyabisk

Russian economy has been developing very fast recently. According to the estimates of international experts Russian economy capitalization and gross national product growth rate allow it to be placed among the world leading economies. Taking into consideration the speed of Russian economy development, the growth of new branches and perspectives of economic knowledge formation with its basic adjustment, we can make a conclusion that today Russia is becoming a leading player in the global economy.

For foreign partners, Chelyabinsk region is one or the most attractive among other Russian regions. Its growth rate is twice as high as that or Russian in whole. The region possessed a huge industrial potential and well-developed agricultural sector. What is more a lot of attention is paid to the development of science, culture, arts and education in Chelyabinsk region. The region has a very steady economy and a high investment rate. In 2008 Chelyabinsk won a prize in the contest of the SNG Capitals and Big Cities' International Assembly called "The best city of SNG", which is the proof that Chelyabinsk is regarded as a territory with an effective economy and well-functioning social sphere, which influence the development of the region and the country on the whole.

## Chelyabinsk State University Faculty of Economics

Chelyabinsk State University is the first classical university in the South Ural. It was founded in 1976. Today it offers plenty of research and study programmes, innovative teaching techniques and profound research in different branches of science. CSU has good facilities, educational and research laboratories, modern computer equipment. It has a comfortable dormitory, a sport and health center at Lake Miassovoe.

The Faculty of Economics offers its students a mixture of fundamental theoretical knowledge and applied skills. A great attention is paid to the development of analytical and creative thinking.

Together with gaining knowledge, students develop their creative abilities at the Theatre and Songs Department of The Arts Faculty. They participate in a comic show. Students play football, volleyball and tennis. They swim and participate in skiing competitions.

## One-semester Full-time Bachelor Exchange Programme

The International Business in Russia was designed at Chelyabinsk State University to allow the prospective European partners to gain a greater understanding of the conditions and perspectives of doing business culture and ways of solving business problems in Russia. The language of instruction is English.

## Programme Objectives

The Economic circumstances of Chelyabinsk region together with a unique combination of its geographical location, climatic and geopolitical conditions provide special prospects and possibilities of doing international business.

European investors and business partners, however, face a whole range of problems while trying to organize partnership activities in Russia. This must be explained by insufficient knowledge of Russian historical, social and cultural peculiarities, as well as its geographical and climatic conditions.

This taught course enables students not only to gain knowledge of economic, legal and logistic conditions of business in Russia and Chelyabinsk region, but also gives an opportunity to solve insuperable for most western partners problems, connected with Russian history and business culture.

In a business project students have to apply the above mentioned skills and theories in integrated business cases. The best projects will be presented to the Chamber of Commerce, to the Union of Manufactures and Entrepreneurs and in the Ministry of Economy of Chelyabinsk Regional Government. This will help the students to find partners and to start their business in one of the most attractive regions of Russia.

## Programme Schedule

This is a one-semester programme. The semester comprises 16 academic week and one examination period (of 3-4 weeks). The semester starts in the end of August with a foundation week.

## Courses:

Modules:	Module code	ECTS
Marketing and Logistics in Russia	MRL	5.0
Management and Business Culture in Russia	MBC	5.0
Russian Economy	REC	5.0
Russian Legislation	LLR	5.0
Russian Language and Culture	RLL	5.0
Business Project	BRP	5.0
<b>Total</b>		<b>30.0</b>

During this period the students get acquainted with the system of Russian education, university regulations and facilities and adjust to a new environment.

The course is structured as a reflection through an action. To develop practice and theory guest lectures and managers are invited. The skills are also developed with the help of presentations, case study, tutorial support and an integrated project.

## ECTS credits

30 ECTS credits per semester are considered to be a regular workload for an exchange student. However, the schedule of each student should be discussed with the home institution prior to the student's departure.

## Entry Requirements

The International Business in Russia is designed for bachelor students from all over the world. Applicants are required to have good English language skills (IELTS 5.5), a business-related degree is an advantage.

## How to Apply

The application period lasts till the end of May. For the exact date, please, contact the manager of the programme. An application form and a Student Course Book are available on [www.csu.ru](http://www.csu.ru)
